Social Distancing for Summit Patients

To ensure we are doing our part to minimize any potential risk for our patients and our employees, Summit is putting in place some Social Distancing Practices. Our goal is to continue to provide you excellent behavioral healthcare while adhering to social distancing practices that the department of health is suggesting.

Starting immediately:

- We ask that patients only attend their appointments
- If you arrive early for your appointment by more than 10 minutes, please remain in your car until shortly before your appointment.
- If you have someone who drives, you to your appointment we ask they remain in the car during your session.
- If you have a child home from school and do not have care for them, we ask that you reschedule your appointment.

In addition, we ask that you review the following information when determining if you will be keeping your appointments at this time:

- Are you or a family member are exhibiting any signs or symptoms of COVID-19 Coronavirus?
- Have you or anyone you have been in contact with recently traveled abroad?
- Have you or anyone you have been in contact with been recommended for testing or diagnosed with COVID-19?
- Are you experiencing any of the following symptoms: Fever, Cough, Shortness of Breath, Sore Throat?

If any of the above are applicable, please seek medical attention and then contact us to discuss rescheduling your appointment.

We will be asking that instead of scheduling at the window during this time that you please give our office a call or e-mail us at summit@summit-psych.com to reschedule your appointments. We ask for your patience as this temporary measure will drive our call volume up and our front office will get back to you as quickly as possible.

If you are not able to make it to your scheduled appointment but are in crisis, please remember the following numbers:

- Crisis Number
 - Re:Solve Crisis: 888-796-8226
- Peer Support Network
 - Warmline: 1-877-550-4007
