

Part-Time Licensed Professional Counselor/Licensed Marriage and Family Therapist – Temporarily Telehealth

Summit Psychological Services is a private practice with offices in the Fox Chapel and Seven Fields areas outside of Pittsburgh, PA. At Summit, we serve a diverse client population that allows the opportunity for you to build a caseload that caters to the specialties you bring to clinical practice. We have a multidisciplinary team of professionals that work collectively to provide high quality care to our patients. We are currently seeking a part-time Pennsylvania Licensed Professional Counselor (LPC) and/or a Licensed Marriage and Family Therapist (LMFT) to provide outpatient therapy to individuals, couples, and families. Preference will be given to individuals with experience and who are currently credentialed with insurance panels, however we will assist in the insurance credentialing process for strong candidates. You will be joining a TEAM of professionals who work together and who are dedicated to our patients. At Summit, our providers have the space to operate with autonomy and flexibility, all while being employed at a practice that cares as much about you as we do about the people we serve. You will not be a contractor who feels like they are renting space in a building. We offer a highly competitive hourly rate for clinical services, as well as a generous benefits package for part-time employees that includes paid administrative time and a 401(k) plan with company match. Training and clinical support are provided so that you can focus on providing the best possible care to your clients. Submit resume/CV and letter of interest to Dr. Lobb at summit@summit-psych.com

We are temporarily providing services via telehealth, with the intention of returning to in-office services once the disaster declaration in response to COVID-19 has been lifted.
